

Slim Fit Measuring Guide

STEP 1 — Find the circumference of your palm. You can use a tape measure or the printed ruler to the right.

CIRCUMFERENCE 8" OR LESS? Use the SLIM guide on this page.

CIRCUMFERENCE GREATER THAN 8"? Skip to the REGULAR guide on the next page.

STEP 2 — Place the side of your right index finger next to the red arrow on the black bar of the guide at right.

If your length and width fall within the yellow area, order a slim/small. If they fall within the pink area, order a slim/medium.

NOTE: Because goatskin stretches, if the measurement is close, go with the smaller size option.
